## WHO WE ARE

Here at BW we are a growing family business which provides opportunities wherever we go. Our roots date back to the 1980s Poland where the initial founder of the business began plying his trade.

In 2019 his son decided to reignite what was previously started in Poland and carry on this journey into the construction industry within the UK.

## OUR OBJECTIVES

- To provide and maintain health and safety measures throughout each of our projects .
- Offer a professional and efficient service to our current and future employers
- Investing in our Community through providing opportunities for local businesses to grow and expand along with us throughout our journey. We do this in order to build new a long lasting relationships wherever we go.
